

Tasks To Be Performed:

1. Create a storage account
2. Use the Blob service and upload some files in it
3. Change the access tier to archive

The screenshot shows the Microsoft Azure portal interface. The top navigation bar includes the Microsoft Azure logo, an 'Upgrade' button, a search bar, and a user profile. The main content area displays the 'abc' container under the 'demoStorageJune18' storage account. The 'Overview' tab is selected, showing a table of blobs. One blob, 'download.jff', is listed with a modified date of 9/18/2023, 2:05:31 PM, and an 'Archive' access tier. The 'Access Control (IAM)' tab is also visible in the left sidebar.

Name	Modified	Access tier	Archive status	Blob type	Size	Lease state
download.jff	9/18/2023, 2:05:31 PM	Archive		Block blob	7.22 KiB	Available
